

The DOMINION FOUNDATION  
for Christian Science Nursing, Inc.

December, 2018

Dear Friends,

What a precious gift is Christian Science nursing in the home! These notes say it better than we can:

---

*When she walks through the door there is such a sense of unselfed love that the mental uplift is so powerful. Fear vanished with her joy and absolute certainty of healing. She has a child-like acceptance of the truth and no doubt of God's all power. Knowing her has just increased my gratitude for CS and all our Leader has provided us. ~ a patient*

*I want to extend my deepest gratitude to the Dominion Foundation for their support of my mother during her time of need. With your support, she has been able to continue receiving excellent care from her Christian Science nurses, while remaining in the familiar comfort of her own home, and close to those of her children who live nearby. Without the loving financial support that the Dominion Foundation has extended this would not be possible. Thank you, again, for all that you do! ~ a patient's family*

During this Christmas season, we invite you to support the work of The Dominion Foundation. In this last year we have been able to provide benevolent grants for those needing Christian Science nursing in the home as well as to help with the cost of Christian Science nurse education for those preparing to minister in the field.

Your gift will provide comfort and healing to those needing the gentle presence of a Christian Science nurse. We invite you to join us in this glorious gift.

---

Best wishes for a joyous holiday season,
